

## **A GENERALIZED CHEMISTRY VERSION OF SPARK**

She slept for a while, waking to a prayer spoken softly but fervently in Spanish..Hound was sorry for him. "You know, if it was Gelluk questioning you, he'd have everything you know out of you just with a word or two, and your wits with it. I've seen what old Whiteface leaves behind when he asks questions. Listen, can you work with the wind at all?"..In bed, lights out, Junior marveled at his daredevil spirit. He never stopped surprising himself..The prickly-bur ghosts of two little children didn't concern him. At worst, they were spiritual gnats..As Tom Vanadium studied the stained and ravaged wall again, a cold and quivery uneasiness settled insectivally onto his scalp and down the back of his neck, quickly bored into his blood, and nested in his bones. He had the terrible feeling that he was not dealing with a known quantity anymore, not with the twisted man he'd thought he understood, but with a new and even more monstrous Enoch Cain. Carrying the tote bag full of Angel's dolls and coloring books, Wally crossed the sidewalk ahead of Celestina and climbed the front steps..Although to Paul this was no more than childish chatter, Tom knew at once that the girl referred to his explanation for why he wasn't sad about his damaged face: the salt and pepper shakers representing two Toms, the hit-and-run rhinoceros, the different worlds all in one place. "Yes, Angel. That's something like what I was talking about."..Frankness and tough talk pleased her, because too many people dealt with her as though her spirit were as frail as her limbs. She laughed with delight-but still refused him..Celestina, Grace, even Tom himself, had taken extraordinary measures to leave no slightest trail. Those very few authorities who knew how to reach Tom and, through him, the others, were acutely aware that his whereabouts and phone number must be tightly guarded..On Thursday, January 4, he used his John Pinchbeck identity to purchase a new Ford van with a cashier's check. He leased a private garage space in the Pinchbeck name, near the Presidio, and stored the van there..to believe that any man with such a hard gut slung over his belt, with a bull neck..Neddy possessed all the musical talent, but Junior had the muscle. Pinned against the wall, his throat in the vise of Junior's hands, Neddy needed a miracle if he were ever again to sweep another glissando from a keyboard..Agnes could almost visualize the three-dimensional geometric model that her little prodigy had created in his mind, which he now relied upon to reach the upper floor without a serious stumble. Pride, wonder, and sorrow pulled her heart in different directions..Although weak, he was no longer in danger of spewing bile and blood like a harpooned whale. The siege had passed..of Zedd constituted the most thoughtful, most rewarding, most reliable guide to life to be found anywhere. When Junior was Confused or troubled, he turned to Caesar Zedd and never failed to find enlightenment, guidance. When he was happy, he found in Zedd the welcome reassurance that it was all right to be successful and to love oneself..He was unconscious, wired to a heart monitor, pierced by an intravenous-drip line. Clipped to his septum, an oxygen feed hissed faintly, and from his open mouth rose the barely audible wheeze of his breathing..Finding nothing more of interest in the study, he considered searching the rest of the house.. "I'll show you some. That's what Gelluk's after. The ore of watermetal. Watermetal eats all the other metals, even gold, see..".. "The quarter in the sandwich," Nolly said, because that was the first stunt that Simon Magusson had paid him to perform..The dinner guest leaned back into the car, as though to retrieve something. Perhaps he, too, had been considerate enough to bring a small gift for his hostess..After Maria, Bonita, and Francesca had gone, when Agnes and her brothers joined forces to clear the table and wash the dishes, Barty kissed them good-night and retired to his room with The Star Beast..He needed to keep moving, conduct the search, find the watch, and get the hell out of here, but he couldn't stop staring at the musician. Something about the cadaver made him nervous-aside from the fact that it was dead and disgusting and, if he was caught with it, a one-way ticket to the gas chamber..The hospital was eerily quiet, except for the occasional squeak of rubber-soled shoes on the vinyl floor of the corridor..Although Vanadium had been morally certain about the identity of his assailant, intuition without evidence was not sufficient to stir the authorities into action-not against a man on whom the state and county had settled \$4,250,000 in the matter of his wife's mortal fall. They would appear either to be incompetent in the investigation of Naomi Cain's death or to be pursuing Enoch in the new matter out of sheer vindictiveness. Without stacks of evidence, the political risks of acting on a policeman's instinct were too great..Junior was free of superstition. He believed in neither gods nor demons, nor in anything between..So runs the water away, away,..She traded silence for silence. Then: "Kiddo, I'm still totally confused by this stuff.".. "It's what?" asked the detective, for with the exception of his teeth, he was not a self-improved individual..The water shut off, and Junior heard the ratcheting noise of a paper-towel dispenser..In a stolen black Dodge Charger 440 Magnum, Junior Cain shot out of Spruce Hills on as straight a trajectory to Eugene as the winding roads of southern Oregon would allow, staying off Interstate 5, where the policing was more aggressive..He moved the shaker across the tablecloth, rocking it back and forth to convey that he was strolling without a care in the world..Shaking her head, Celestina said, "I can only pay for a studio apartment, something small.".. "Many claimed Maharion's throne, but none could keep it, and the quarrels of the claimants divided all loyalties. No commonwealth was left and no justice, only the will of the wealthy. Men of noble houses, merchants, and pirates, any who could hire soldiers and wizards called himself a lord, claiming lands and cities as his property. The warlords made those they conquered slaves, and those they hired were in truth slaves, having only their masters to safeguard them from rival warlords seizing the lands, and sea-pirates raiding the ports, and bands and hordes of lawless, miserable men dispossessed of their living, driven by hunger to raid and rob."..From late morning until dinner, people arrived and departed, raised toasts to a merry Christmas and to peace on earth, to health and to happiness, reminisced about Christmases past, marveled about the first heart transplant performed this very month in South Africa, and prayed that the soldiers in Vietnam would come home soon and that Bright Beach would lose no precious sons in those far jungles..Returning to his apartment, Edom had to pass under the limbs of

the majestically crowned oak that dominated the deep yard between the house and the garage..He turned the brochure in his hands, to look at the front of it again. Gradually he began to suspect that the title of the exhibition might be what had brought to mind the reverend's unremembered sermon..From Joey's closet, she extracted an old blue blazer that he seldom wore anymore. The lining was sagging, worn..They were married in September of that year, much later than even Grace White's wagger date. As Grace's guess had been closer than her daughter's, however, Celestina paid with a month of kitchen duty..Edom bit his lower lip, shook his head, and stubbornly clung to Barty's left foot..He knew the sermon, of course. The example of Bartholomew. The theme of chain-reaction in human lives. The observation that a small kindness can inspire greater and ever-greater kindnesses of which we never learn, in lives distant both in time and space.. "No. But I'm sure as can be, the kid is better off undiscovered by the likes of him."..Halted by the unmistakable meaning of the expressions on these women's faces, Paul was grateful that Nellie was briefly stricken mute. He didn't believe he had the strength to receive the news that she had tried to deliver..Library of Congress Cataloging-in-Publication Data Le Guin, Ursula K., 1929-.Barty rounded the tree and returned to the porch. He climbed the steps and stood before Tom..Of course, he also might have shot off his own thumbs as double insurance against being drafted and sent to Vietnam..By now, Junior realized that he had been locked in a meditative trance for at least eighteen hours. He had settled into the lotus position at five o'clock Monday afternoon-and Bob Chicane had shown up or their regular instruction session at eleven Tuesday morning..In spite of the thousands of hours that Paul was afoot, he seldom thought about why he walked. He met people along the way who asked, and he had answers for them, but he never knew if any answer might be the truth..Junior tossed garments on the floor and across the bed to create the impression that the detective had packed with haste. After being imprudent enough to blast Victoria Bressler five times with his service revolver-perhaps in a jealous rage, or perhaps because he had gone nuts-Vanadium would have been frantic to flee justice..Junior didn't slow as he passed the house, but circled the block and drove by the place again..Tales from Earthsea/Ursula K. Le Guin.-1st ed. p. cm. Contents: The finder-Darkrose and Diamond-The bones of the earth..Nevertheless, Junior was thrilled to hear the name Bartholomew, and to know that the boy of whom Celestina spoke was the Bartholomew of Bartholomews, the menacing presence in his unremembered dream, the threat to his fortune and future that must be eliminated..The longer he crouched, head cocked, breathing silently through his open mouth, the more convinced Junior became that he had heard a man approaching. Indeed, the terrible conviction grew that someone was standing immediately in front of the dumpster, head cocked, also breathing through his open mouth, listening for Junior even as Junior listened for him..Saturday morning, he walked to a drugstore in town and purchased eight decks of cards. With four, he passed the day re-creating, again and again, what he'd done at the dining-room table the previous evening. The four knaves never appeared..honor and family. This was life, and everyone lived his life in the shadow of one solemn obligation or another..Many nights, his sleep wasn't half as restful as he would have wished, for he often dreamed of walking in a wasteland. Sometimes, desert salt flats stretched in all directions, with here and there a monument of weather-gnarled rock, all baking under a merciless sun. Sometimes, the salt was snow, and the monuments of rock were ridges of ice, revealed in the hard glare of a cold sun. Regardless of the landscape, he walked slowly, though he had the desire and the energy to proceed faster. His frustration built until it was so intolerable that he woke, kicking in the tangled sheets, restless and edgy..The rough massage had only just begun to bring a little relief to Junior's legs when Sparky returned with six stoppered rubber bags full of ice. "This was all the bags they had down at the drugstore."..She was sopping, shivering. Water streamed from her soaked hair, down her face, as she wiped at her beaded eyelashes with one dripping hand..Edom observed, amazed, as Agnes chatted up their host, going from Mr. Sepharad to Obadiah, from the doorstep to the living room, the pie delivered and accepted, coffee offered and served, the two of them pleased and easy with each other, all in the time that it would have taken Edom himself to get up the nerve to cross the threshold and to think of something interesting to say about the Galveston hurricane of 1900, in which six thousand had died.. "This is going to be an enormous settlement," the attorney promised. "And there's more good news. County and state authorities have agreed to close the case on Naomi's death. It's now officially an accident."..Surprising himself more than anyone, Edom also presented his collection to the university. Out with tornadoes, hurricanes, tidal waves, earthquakes, and volcanoes; bring in the roses. He lightly renovated his small apartment, painted it in brighter colors, and throughout the autumn, he stocked his bookshelves with volumes on horticulture, excitedly planning a substantial expansion of the rosarium come spring..Exactly. The shock. The devastating loss. Junior felt it now, anew, and was afraid he might betray himself with tears, although he seemed to be done with vomiting..Junior found no answers before the owner of the diner blocked him from proceeding out of the kitchen into the storeroom and the service alley beyond. Simultaneously sweating and chilled, Junior cursed him, and the confrontation became ugly..Kathleen had never heard a religious calling described in such odd words as these, and she was surprised, indeed, to hear a priest refer to God as "strange."..Junior was accustomed to having women seduce him. His good looks were a blessing of nature. His commitment to improving his mind made him interesting. Most important, from the books of Caesar Zedd, he had learned how to be irresistibly charming..Celestina, the battering Baptist, back in action, came at him again. With one leg broken, another cracked, and the stretcher bar splintered, the chair wasn't as formidable a weapon as it had been. She swung it, Junior dodged, she struck at him again, he juked, and she reeled away from him, gasping.. "-and wherever he went, between his shows, he always gave free performances at nursing homes, schools for the deaf-". Maybe the watch wouldn't be discovered with the corpse. Maybe it would settle into the trash and not be found until archaeologists dug out the landfill two thousand years from now..Against the backdrop of granite monuments, Kaitlin hulked like a moldering presence from Beyond, risen out of a rotting box to take vengeance on the living.. "Last I noticed, his

car was out. Let me check." Sparky put down his phone and went to look in the garage. When he returned, he said, "Nope. Still out. When he parties, he usually parties late." As beautiful as they were, none of these women satisfied him as profoundly as Naomi had satisfied him. When Celestina first entered his ICU cubicle, the sight of his face scared her in spite of the surgeon's assurances. Gray, he was, and sunken-cheeked-as though this were the eighteenth century and so many medicinal leeches had been applied to him that too much of his essential substance had been sucked out. The chest respirator, which Joshua had evidently applied, lay discarded on the bedclothes beside her. She seldom required this apparatus to assist her breathing, and then only at night. Succinctly, Edom told Jacob about visiting Obadiah, the magician with the mangled hands. Then: "When we left, I followed Agnes, and Obadiah held me back to say, 'Your secret's safe with me.'" Tom believed that the girl had an intuitive understanding of the true complexity of the world, but she was only three, after all, and neither ready nor able to absorb the scientific theory that supported her intuition. "Is it as bad as that?" Celestina wondered plaintively, though she knew the answer. "I love San Francisco. The city inspires my work. I've built a life here. Is it really as bad as that?" Jacob feared what men could do with clubs, knives, guns, bombs, with their bare hands, but he was most preoccupied by the unintended death that humanity brought upon itself with its devices, machines, and structures meant to improve the quality of life. "It was in your heart, too, and anything that's in your heart is there for anyone to see. Will your father marry us?" Agnes had believed that through this ordeal, she'd largely spared her child from an awareness of the awful depth of her misery. In this, however, as in so many other instances, the boy proved to be more perceptive and more mature than she'd realized. Now she felt that she had failed him, and this failure ached like a wound. In fifty years, until Angel, Tom had found no other like himself and now a second in little more than a week. "I can't do what you did." If she'd connected with his left side, as she intended, she might have broken his arm or cracked a few ribs. But he saw the chair coming, and as agile as a base runner dodging a shortstop's tag, he turned away from her, taking the blow across his back. "But I had greater facility with cards than most magicians. I trained with Moses Moon, greatest card mechanic of his generation." Although her hands were shaking and her knees felt as though they might buckle, Agnes lifted two pies off the table. His wife, Dorothea, adored him, not least of all because he had taken in her eighty-year-old mother and treated that elderly lady as though she were both a duchess and a saint. He was equally generous to the poor, burying their dead at cost but with utmost dignity. First, he searched immediately around the dead man, figuring that the watch might still be snared on the coat belt or on one of the sleeve straps. No luck. Currently, Jacob was far removed from the embalming chamber and intended never to set foot there, alive. With Walter Panglo as his guide, he toured the casket selection in the funeral-planning room. Junior shuddered. Vanadium hadn't invented the name. It had genuine if inexplicable resonance with Junior that had nothing to do with the detective. around an anemone's mouth, poised to snare, lazily but relentlessly, any passing prize. In the front wall of the living room, where once had been a fine bay window, the parsonage lay open to the sunny day. Tom shrubbery, carried in from outside, marked the path of destruction. In the very middle of the room, plowed against a toppled sofa and a thick drift of broken furniture, a battered red Pontiac sagged to the left on broken springs and blown tires. A portion of the crazed windshield quivered and collapsed inward, while plumes of steam hissed from under the buckled hood. He almost opened the paper atop the quarter before seeing it. Shiny. Liberty curved across the top of the coin, above the head of the patriot, and under the patriot's chin were stamped the words In God We Trust. At the open kitchen door, arms laden with a stack of four bakery boxes, her mother said, "Will you get those last four pies for me there on the table? And don't jostle them, dear." Knuckle over knuckle, snared in the web of thumb and forefinger, vanishing into the purse of the palm, secretly traversing the hand, reappearing, knuckle over knuckle, the coin glimmered as it turned. "Please just call me Tom. I've been forcibly retired from the Oregon State Police, with full disability because of this face, so I'm not officially a detective anymore. Yet until Enoch Cain is behind bars, where he belongs, I'm not ready to be anything but a cop, official or not." Junior levered up, scrambled up, vaulted over, and crashed into the deep bin, with every intention of landing on his feet. But he overshot, slammed his shoulder into the back wall of the container, fell to his knees, and sprawled facedown in the trash. A tune clinked off the keys of a phantom piano in Junior's mind, "Someone to Watch over Me." The hawk-eyed watcher was the pianist at the elegant hotel lounge where Junior had enjoyed dinner on his first night in San Francisco, and twice since. During the cleaning, installation of new carpet, and painting that had followed the removal of the diarrhetic pig set loose by one of Cain's disgruntled girlfriends, the wife killer had spent a few nights in a hotel. Nolly took advantage of the opportunity to bring his associate James Hunnicolt--Jimmy Gadget--onto the premises to provide a customized, undetectable, exterior window-latch release. Requests for permission to make copies of any part of the work should be mailed to the following address: The musician had no talent for deception. His hopping-hen eyes pecked at the nearest painting, at other guests, down at the floor, everywhere but directly at Junior, and a nerve twitched in his left cheek. "Well, I'm very good, you know, at faces, they stick with me, I don't know why. Goodness knows, my memory is otherwise shot." "If I ever have trots, you'll know." And then in the Cheese voice: "CAN WE LISTEN TO THE BOOK TALK IN YOUR ROOM?" SERAPHIM AETHIONEMA WHITE was nothing whatsoever like her name, except that she had as kind a heart and as good a soul as any among the hosts in Heaven. She did not have wings, as did the angels after which she had been named, and she couldn't sing as sweetly as the seraphim, either, for she had been blessed with a throaty voice and far too much humility to be a performer. Aethionema were delicate flowers, either pale-or rose-pink, and while this girl, just sixteen, was beautiful by any standard, she was not a delicate soul but a strong one, not likely to be shaken apart in even the highest wind. Parkhurst said, "We've eliminated most other possible causes. You don't have acute myelitis or meningitis. Or anemia of the brain. No concussion. You don't have other symptoms of Meniere's disease. Tomorrow, we'll conduct some tests for possible

brain tumor or lesion, but I'm confident that's not the explanation, either." The maniac kicked once more, but because of the bracing dresser, the door wouldn't budge, so he kicked harder, again without success..Kitchen staff. All men. Some looked up in surprise; others were oblivious of him. He stalked the cramped work aisles, eyes watering from the fragrant steam and the heat, seeking Vanadium, an answer..As the unwanted change pinged against the concrete at his feet, Junior-snap, snap-saw the source of the next two rounds. They spat out of the vertical pay slot on a newspaper-vending machine; one hit his nose, and the other rang off his teeth..He followed an alleyway to the building's service entrance, for which he possessed a key that wasn't provided to other tenants. He unlocked the steel door and stepped into a small, dimly lit receiving room with gray walls and a speckled blue linoleum floor..Celestina looked up from the scarred top of the desk toward the fog-white sky beyond the window, from reality to the promise..Even when he saw no cop cadaver, no ghoulish grin, no two-bit eyes, Junior was not immediately relieved. Warily, he circled the car, expecting to find the detective crouching and poised to spring..Round of face and round of body, Vinnie didn't walk like other men; he seemed to bounce lightly along, as if inflated with a mixture of gases that included enough helium to make him buoyant, though not so much that he was in danger of sailing up and away like a birthday balloon. His smooth cheeks and merry eyes left a boyish impression, but he was a good attorney, and shrewd.. "No. The information I gave you came from the coroner's office, which issued the death certificate. But even if I got into St. Mary's records, there wouldn't be a hint of where Catholic Family Services placed this baby."..The upper shelf of the closet held boxes and two inexpensive suitcases: pressboard laminated with green vinyl. He took down the suitcases and put them on the bed..His Country Squire laden with cookies, plum cakes, homemade caramel corn with almonds, and gifts, Edom drove directly home from Obadiah Sepharad's place, which had been their final stop. He roared away as if trying to outrun tornadoes and tidal waves.. "Maybe it's not where the heart is," Wally corrected himself. "Maybe it's where the buffalo roam."..Before he searched the bedroom, Vanadium walked quickly back through the rooms that he had already inspected, suddenly remembering the three bizarre paintings of which Nolly, Kathleen, and Sparky had spoken, and wondering how he could have overlooked them. They were not here. He was able to locate, however, the places on the walls where the art works had hung, because the nails still bristled from the pocket plaster, and picture hooks dangled from the nails..His musical abilities were most likely an offshoot of his more extraordinary talent for math. He said that music was numbers, and what he seemed to mean was that he could all but instantly translate the notes of any song into a personal numerical code, retain it, and repeat the song by repeating the memorized sequence of code. When he read sheet music, he saw arrangements of numbers..Therefore, after the nasty shooting, as the Bartholomew hunt continued, so did the good life..Nolly said, "We've never really had a song of our own, in spite of all the dancing we do. I think this is a good one. But so far, you've only sung it to another man."..The restaurant wasn't fancy. A coffee shop. Aromatic bacon sizzling, eggs frying. The warm cinnamon smell of fresh pastries, the bracing scent of strong coffee. Clean, bright surroundings..Of course, there was no possibility whatsoever of 'drawing four identical jacks from combined decks that had been exquisitely manipulated and meticulously arranged by a master mechanic-unless the effect of the jacks was intended, which in this case it was not. The odds couldn't be calculated because it could never happen. No element of chance was involved here. The cards in that stack should have been as predictably ordered-to Jacob-as were the numbered pages in a book.. "Take care he doesn't turn your belt on you with a spell!" said his uncle..On this morning in March, minutes after the pie caravan had departed, Edom got his Ford Country Squire out of the garage and drove to the nursery, which opened early. Spring was drawing near, and much work needed to be done to make the most of the rosarium that Joey Lampion had encouraged him to restore. He happily contemplated hours of browsing through plant stock, tools, and gardening supplies..With a nervous twitch of his avian head and a wary frown, the watcher broke eye contact and slipped into the chattering crowd, lost as quickly as a slender sandpiper skittering among a herd of plump seagulls.
