But the wind held steady from the north. A thunder-squall came pelting on that wind, and Ivory went down to the cabin, but Dragonfly stayed up on deck. She was afraid of the water, she had told him. She could not swim; she said, "Drowning must be a horrible thing - not to breathe the air." She had shuddered at the thought. It was the only fear she had ever shown of anything. But she disliked the low, cramped cabin, and had stayed on deck every day and slept there on the warm nights. Ivory had not tried to coax her into the cabin. He knew now that coaxing was no good. To have her he must master her; and that he would do, if only they could come to Roke..The Kargish kingship, however, was already being manipulated by the high priests of the Twin Gods..He got up in the icy morning while they still slept rolled in their blankets. He said, "I have too many deaths on my heart, Elehal.."..He was only a little sorcerer, a cheating healer with a few sorry spells. Or so he seemed. What if he was cheating, hiding his power, a rival hiding his power? A jealous rival. He must be stopped, he must be bound, named, called. Irioth began to say the words that would bind him, and the shaken man cowered away, shrinking down, shriveling, crying out in a thin, high wail. It is wrong, wrong, I am doing the wrong, I am the ill, Irioth thought. He stopped the spell words in his mouth, fighting against them, and at last crying out one other word. Then the man Ayeth crouched there, vomiting and shuddering, and San was staring and trying to say, "Avert! Avert!" And no harm was done. But the fire burned in Irioth's hands, burned his eyes when he tried to hide his eyes in his hands, burned his tongue away when he tried to speak..mastered. He says that when King Lebannen was to be crowned, last autumn, he sent to Gont for the old Archmage to come crown him, and he wouldn't come. And there was no new Archmage. So he took the crown himself. And some say that's wrong, and he doesn't rightly hold the throne. But others say the king himself is the new Archmage. But he isn't a wizard, only a king. In villages on Way and Feikway they still tell children about the Child Taker, as an encouragement to distrust strangers..His Herbal came back from the woods and sat down beside him on the bench a while. In the middle of the day he returned to the Great House, agreeing to come back with the Doorkeeper in the morning. They would ask all the other Masters to meet with them in the Grove. "But he won't come," Deyala said, and Azver nodded..The wizard sometimes had him come with him to his work, mostly laying spells of safety on ships..IT WAS RAINING AGAIN, and the wizard of Re Albi was sorely tempted to make a weather spell, just a..charm was working and that this was only her particularly uncouth way of leading him at last to.."The great lode?"
