

FIFTY YEARS IN THE MAKING OF AUSTRALIAN HISTORY VOL 2 OF 2

Junior hoped that he hadn't been betrayed by eyeshine in the fraction of a second before he closed his eyes to slits. The musician's eyes met Junior's for an instant, widening with surprise. Obviously he knew that Gammoner was a lie. So he must be aware of Junior's real identity. The black service road seemed to come out of nowhere, then to vanish into a void, and Junior suddenly felt dangerously isolated, alone as he had never been, and vulnerable. Celestina stared at the small, brown face, opening herself to the anger and hatred with which she had regarded this child in the operating room. "From time to time now, you're going to be written about," Helen warned. "Be prepared for a peevish critic or two, furious about your optimism." "Retinoblastoma is usually unilateral," Dr. Chan continued, "occurring in one eye. Bartholomew has tumors in both." The diminutive mortician spoke a few comforting words instead of commenting on the dental history of the deceased, and when he put a consoling hand on Jacob's shoulder, Jacob cringed from his touch. According to Helen, more than half the paintings had been sold by the close of the reception, a record for the gallery. With the exhibition scheduled to run two fall weeks, she was confident that they would enjoy a sellout or the next thing to it. His Country Squire laden with cookies, plum cakes, homemade caramel corn with almonds, and gifts, Edom drove directly home from Obadiah Sepharad's place, which had been their final stop. He roared away as if trying to outrun tornadoes and tidal waves. For the first time in many months, Barty didn't want to sleep in the dark. They left the door of the room open, admitting some of the fluorescent glow from the hallway. Junior hadn't noticed when the detective stopped turning the coin across his knuckles. Barty's release from Hoag Presbyterian had been delayed by an infection, and thereafter he had spent three days in a Newport-area rehabilitation hospital. Rehab consisted largely of orientation to his new dark world, since his lost function could not be recovered by either diligent exercise or therapy. Although she knew how, and although she knew the pointlessness of asking why, Agnes asked, "Why? Oh, Lord, why must a blind boy climb a tree?" "One of the four legs of the tower is dangerously fractured where it's seated into the underlying foundation caisson." These would no doubt be cloyingly sentimental paintings of the bastard boy, with impossibly large and limpid eyes, posed cutely with puppies and kittens, pictures better suited for cheap calendars than for gallery walls, and dangerous to the health of diabetics. Gifted with unusual powers of visual observation, the girl was quick to notice the slightest changes in her world. The sparkling engagement ring on Celestina's left hand had not escaped her notice. The moment he had seen the building in which Nolly maintained an office—an aged three-story brick structure in the North Beach district, a seedy strip club occupying the ground floor—Junior knew he'd found the breed of snoop he needed. The detective was at the top of six flights of narrow stairs—no elevator—at the end of a dreary hallway with worn linoleum and with walls mottled by stains of an origin best left unconsidered. The air smelled of cheap disinfectant, stale cigarette smoke, stale beer, and dead hopes. "Sure. There's lots of places where he didn't get shot, but there's places where he got shot and died, too." must either change her mind or commit herself to a more difficult and challenging life than any she had envisioned only this morning. Recently, Wally administered to Angel a set of apperception tests for three-year-olds, and the results indicated that she might not ever be a math whiz or a verbal gymnast, but that she might be highly talented in other ways. Her appreciation of color, her innate understanding of the derivation of secondary hues from the primary colors, her sense of spatial relationships, and her recognition of basic geometric forms regardless of the angle at which they were presented were all far beyond what was exhibited by other kids her age. Wally said she was visually, rather than verbally, gifted, that she would undoubtedly exhibit increasing precociousness in matters artistic, that she might follow Celestina's career path, and that she might even prove to be a prodigy. Eleven days had passed since Wally stopped three bullets. He still had a little residual weakness in his arms, grew tired more easily than before he'd wound up on the wrong end of a pistol, complained of stiffness in his muscles, and used a cane to keep his full weight off his wounded leg. The rest of the medical care he required, as well as physical rehabilitation, could be had in Bright Beach as well as in San Francisco. By March, he should be back to normal, assuming that the definition of normal included massive scars and an internal hollow space where once his spleen had been. "You should be with your children," Agnes worried. Maria looked up. "My babies are sitted with my sister." In all the many ways things are, across the infinity of worlds and all Creation, Barty believed that no woman existed whose beauty exceeded hers or whose heart was better. "Was a priest," he corrected. "Might be again. At my request, I've been under a dispensation from vows and suspension from duties for twenty-seven years. Ever since those kids were killed." Until Nolly, Kathleen's life had been as short on romance as a saltless saltine is short on flavor. Her childhood and even her adolescence were so colorless that she'd settled on dentistry as a career because it seemed, by comparison to what she knew, to be an exotic and exciting profession. She'd dated a few men, but all were boring and none was kind. Ballroom-dancing lessons—and ultimately competitions—promised the romance that dentistry and dating hadn't provided, but even dancing was somewhat a disappointment until her instructor introduced Kathleen to this balding, bull-necked, lumpy, utterly wonderful Romeo. "It's not a specific brand you can't have, it's the whole idea of a candy bar." A nurse fussed over him as she helped him into bed, concerned about his paleness and his tremors. She was attentive, efficient, compassionate but she wasn't in the least attractive, and he wished she would. CLOUDS SWARMED THE late-afternoon sun, and the Oregon sky grew sapphire where still revealed. Cops gathered like bright-eyed crows in the lengthening shadow of the fire tower. Celestina had chosen to shelter the bastard boy, and in so doing, she had declared herself to be Junior's enemy, though he'd never done anything to her, not anything. She didn't deserve him, really, not even one quick bang before the bang of the gun, and maybe after he shot Ichabod, he'd let her beg for a taste of the Cain cane, but deny her. Under Celestina's guidance, the menfolk—Wally, Edom, Jacob, Paul, Tom—had

packed cartons of canned and dry goods, plus numerous boxes of new spring clothing for the children on their route. All those items had been loaded into the vehicles the previous evening..Out of Phimie's humiliation, terror, suffering, and death had come Angel, whom Celestina had first and briefly hated, but whom now she loved more than she loved Wally, more than she loved herself or even life itself. Phimie, through Angel, had brought Celestina both to Wally and to a fuller understanding of their father's meaning when he spoke of this momentous day, an understanding that brought power to her painting and so deeply touched the people who saw and bought her art..The two men detached and rolled up the pleated green skirt that hung from the rectangular frame of the graveyard winch on which the casket was suspended. Green, rather than black, because Naomi loved nature: Junior had been thoughtful about the details of the service..This time he didn't flip the quarter straight into the air. He tipped his hand, and with his thumb, he shot the coin toward Agnes..At the front door of the funeral home, as Panglo was showing him out, Jacob leaned close. "Joe Lampion didn't have any gold teeth." After tucking the flashlight under his belt, he grabbed the lip of the Dumpster with both hands. The metal was gritty, cold, and wet.. "You're all right, we've got you now." His soft yet reverberant voice was so unearthly that his words seemed to convey an assurance more profound and more comforting than their surface meaning.. "One hour," he announced, establishing a countdown. In sixty minutes, his internal clock would rouse him from a meditative state..A quick survey of the lavatory floor. The musician hadn't left anything behind, neither a popped button nor crimson petals from his boutonniere.. "It's just ... the last time I saw him, he trapped me in a corner and told this god awful story, far more than I wanted to know, about some British murderer back in the forties, this monstrous man who beat people to death with a hammer, drank their blood, then disposed of their bodies in a vat of acid in his workroom." He shuddered..This analgesic was among several prescription substances that he had stolen, over time, from the drug locker at the rehab hospital where he once worked. Some he had sold; these he had retained..Angel was lying on a towel on the convertible sofa, where Grace had just changed her diaper..Maria's mother, visiting from Mexico, was babysitting, so Maria came without her children, as a guest, joining Agnes and the laugh-a-minute Isaacson twins, chroniclers of destruction. They ate in the dining room, rather than at the kitchen dinette, with a lace-trimmed tablecloth, the good china, crystal wineglasses, and fresh flowers.. "Please take the cards from the pack and put them on the coffee table in front of you," Obadiah directed..Every time Junior glanced back, Vanadium was following his wake through the throng. Stocky but almost gliding. Grim and grimmer. Hideous. And closer..Fortunately, the chill fog didn't bum away from the Mercedes, considering that it facilitated the stalking of Celestina. The mist swaddled the white Buick in which she rode, increasing the chances that Junior might lose track of her, but it also cloaked the Mercedes and all but ensured that she and her friend wouldn't realize that the pair of headlights behind them were always those of the same vehicle..A pathologically suspicious cop, aware of Junior's acute.; emesis following Naomi's death, might imagine a connection between this epic bout of diarrhea and Victoria's murder, and Vanadium's disappearance Here was an avenue of speculation that he did not want to encourage.. "God bless us, every one," Agnes repeated with all her extended family, and after a sip of the wine, she made an excuse to check on something in the kitchen, where she pressed hot tears into a cool, slightly damp dishtowel to prevent the telltale swelling of her eyes..The odds against drawing a jack of spades four times in a row out of four combined and randomly shuffled decks were forbidding. Jacob didn't have the knowledge necessary to calculate those odds, but he knew they were astronomical..She was shaking and so afraid, not thinking clearly, and for a moment she didn't understand what he meant, what he wanted, and then she saw that the window on his side of the car was shattered, too, and that the door beyond him was badly torqued, twisted in its frame. Worse, the side of the Pontiac had burst inward when the pickup plowed into them. With a steel snarl and sheet-metal teeth, it had bitten into Joey, bitten deep, a mechanical shark swimming out of the wet day, shattering ribs, seeking his warm heart..The crazy bitch wielded it with such ferocity that the force of the impact with the floor, rebounding upon her, must have numbed her arms. She stumbled backward, dragging the chair, temporarily unable to lift it.. "When I couldn't get enough nightclub and theater bookings for my magic act anymore ... I turned to gambling." Far from idiotic, Junior's cause was his survival and salvation, and he committed himself to it with every fiber of his body, with all of his mind and heart..Outside, he discovered that some worthless criminal wretch had broken into his Suburban during the night. The suitcase and Book-of-the-Month selections were gone. The creep even swiped the Kleenex, the chewing gum, and the breath mints from the glove, compartment.. "Mr. Cain, if he bothers you, would you want me to have his choke chain yanked?" As Lipscomb picked up the freshened baby, Grace said, "That was as effective as any minister's wife could've been with an impossible parishioner-and, oh, do I wish we could sometimes be that pointed." "He's crafty, you say. Can you use him?" One hand on the railing, he ascended the first three steps slowly. Pausing on each, he slid his foot forward and back on the carpet, runner to judge the depth of the tread relative to his small foot. He ran the toe of his right shoe up and down the riser between each tread, gauging the height..Less cautious than the typical accountant, perhaps mellow in this season of peace, Prosser opened the door without hesitation..Not that he failed to perform well. As always, he was a bull, a stallion, an insatiable satyr. None of his lovers complained; none had the energy for complaint when he'd finished with them..On the high marsh-Dragonfly-A description of Earthsea..His words echoed back to her from July: My cold's just here, not every place I am..find reason to celebrate every development in life, including the cruelest catastrophe, by discovering the bright side to even the darkest hour..Barty, at the head of the table, sensed Mary's approach only as she was about to touch him. She put a hand on his arm and said, "Daddy, will you turn your chair away from the table and let me sit on your lap?" He exploded off Renee with the velocity of high-powered rifle fire. Stunned, disgusted, humiliated, he backed away from the chaise lounge, spluttering, wiping at his mouth, cursing..Paul realized that the kitchen had fallen silent, that the women had turned to the two children and now stood as motionless as figures in a waxworks

tableau..straddles him, driving big fists into his back, brutally into his sides. With high fences and hedgerows of Indian laurels.Holding a shaker in each hand, Tom walked them forward, causing them to diverge slightly at first, but then moving them along exactly parallel to each other..You scrawl names on the walls with your own blood, play Psycho with a Sheetrock stand-in for Janet Leigh-and then fly off to Reno for a weekend of blackjack, stage shows, and all-you-can-eat buffets. Not likely..Shuddering, rubbing furiously at himself, he stumbled into the bathroom. In the mirror, he confronted a face he hardly recognized: swollen, lumpy peppered with red hives..Now, however, he was thinking not about what Agnes's story might mean to Reverend White, but about what the minister might be able to do to provide at least a small degree of comfort to Agnes, who spent her life comforting others..Vanadium's vehicle, obviously not an official police sedan, was a blue 1961 Studebaker Lark Regal. A dumpy and inelegant car, it looked as though it had been designed specifically to complement the stocky detective's physique..Thick fog distorted all sense of time and place. At each end of the block, pearly hazes of light marked intersections with main streets but didn't illuminate this narrower passage in between. A few security lamps-bare bulbs under inverted-saucer shades or caged in wire--indicated the delivery entrances of some businesses, but the dense white shrouds veiled and diffused these, as well, until they were no brighter than gaslights..She sat on the end of the table, where Barty had sat, now at eye level with the standing physician..To the left, a door led to a back staircase, accessible with the special key already in his hand. To the right: a key-operated service elevator for which he'd been provided a separate key.."Imagine me thinking you'd be gone," she said to Barty. "Your old mum is losing it. I never made a deal with Rumpelstiltskin, so there's nothing for him to collect." "I do, don't I," Rena agreed, as with one plump hand she spread the pleated skirt of her brightly patterned dress..The apartment had been furnished with only two padded folding chairs and a bare mattress in the living room. The mattress was on the floor, without benefit of a bed frame or box springs..Having risen higher in the sky during the past couple hours, the gold-coin moon reminted itself as silver, and in the black lake, its reflection rolled across the knuckles of the quiet wavelets..Agnes was only thirty-nine years old, full of plans and vigor, so Angel's words seemed premature. Yet in too few years, she would have reason to wonder if perhaps these gifted children foresaw, unconsciously, that she would need the comfort of having witnessed this climb..The diarrhea was over, finished, part of the past. Long ago he had learned never to dwell on the past, never to be overly concerned about the worries of the present, but to be focused entirely on the future. He was a man of the future..In agreement, Maria pushed the stack of unused cards aside, and she peered at her hands as if she wanted to scrub them for a long time under hot water..Celestina hardly knew Paul, and although he'd saved her mother's life, his offer raised a look of doubt from her..This is a tale of those times. Some of it is taken from the Book of the Dark, and some comes from Havnor, from the upland farms of Onn and the woodlands of Faliern. A story may be pieced together from such scraps and fragments, and though it will be an airy quilt, half made of hearsay and half of guesswork, yet it may be true enough. It's a tale of the Founding of Roke, and if the Masters of Roke say it didn't happen so, let them tell us how it happened otherwise. For a cloud hangs over the time when Roke first became the Isle of the Wise, and it may be that the wise men put it there..No doubt thinking about the land of the big bugs, into which she had pushed Enoch Cain, which was exactly what Barty had suddenly thought about, Angel said, "Honey, this is amazing, it's wonderful, but you've got to be careful".Frequently, these days, she found herself explaining aspects of life to Barty that she hadn't expected to discuss for years to come. She wondered how she could make him understand this: Life can be so sweet, so full, that sometimes happiness is nearly as intense as anguish, and the pressure of it in the heart swells close to pain..For just one hour, which was not too taxing, he walked in the idea of a world where he had healthy eyes, and shared the vision of other Barty's in other places, so he would be able to see his bride as she walked down the aisle and as, beside him, she took their vows with him, and as she held out her hand to receive the ring.."I'm no hero," Paul insisted. "I just got your mom out of there in the process of saving myself".Kathleen Klerkle, Mrs. Wulfstan, sitting on the edge of Nolly's desk, looked diagonally across it at the visitor in the client's chair. Actually, Nolly had two chairs for clients. Kathleen could have sat in the second; however, this seemed to be a more appropriate pose for a hawkshaw's dame. Not that she was trying to look cheap; she was thinking Myrna Loy as Nora Charles in *The Thin Man*-worldly but elegant, tough but amused..Footsteps in the hall drew their attention to the open door, where the surgeon appeared in his loose cotton greens..Agnes hoped that the boy would spend a night or two in her room, until he was reoriented to the house. But Barty wanted to sleep in his own bed..squint-eyed, sharp-faced night clerk must not have been the owner, because he wasn't the type to have dreamed up cute spellings for the sign out front. Judging by his appearance and attitude, he was a former Nazi death-camp commandant who fled Brazil one step ahead of the Israeli secret service and was now hiding out in Oregon..We know a dozen different Arthurs now, all of them true. The Shire changed irrevocably even in Bilbos lifetime. Don Quixote went riding out to Argentina and met Jorge Luis Borges there. Plus c'est la meme chose, plus fa change..On the other hand, one needed to believe in something. Junior didn't clutter his mind with superstitious nonsense or allow himself to be constrained by the views of bourgeois society or by its smug concepts of right and wrong, good and evil. From Zedd, he'd learned that he was the sole master of his universe. Self-realization through self-esteem was his doctrine; total freedom and guiltless pleasure were the rewards of faithful adherence to his principles. What he believed in-the only thing he believed in-was Junior Cain, and in this he was a fiercely passionate believer, devout unto himself Consequently, as Caesar Zedd explained, when any man was clearheaded enough to cast off all the false."Living high. When I wasn't on the road, I had a fine house here in Bright Beach, not this rental shack I'm in now, but a nice little place with an ocean view. You can guess what went wrong."The wedding reception-big, noisy, and joyous-spread across the three properties without fences. His mother's name was so often mentioned, her presence so strongly felt in all the lives that she had touched, that sometimes it seemed that she was actually there with them..Like all women past puberty and

this side of the grave, she was attracted to him. She never told him as much, not in words, but he detected this attraction in the way she looked at him, in the tone that she used when she spoke his name. Throughout three weeks of therapy, Seraphim revealed countless small but significant proofs of her desire..spades. Friday night, she had ripped the cards in thirds and had been carrying the twelve pieces with her since then, waiting for this quiet Sunday evening..He and the homicide detective had been friends for almost thirty years, since Max had been a uniformed rookie on the SFPD and Vanadium had been a young priest freshly assigned to St. Anselmo's Orphanage here in the city. Before choosing police work, Max had contemplated the priesthood, and perhaps back then he had sensed the cop-to-be in Tom Vanadium..The fully evolved man never has to rely on the gods of fortune, Zedd tells us, because he makes his luck with such reliability that he can spit in the faces of the gods with impunity..He slid his plate aside. From a pocket, he withdrew a quarter, which always served him as well with children as with murderers..Seraphim's child had been alive is long as Naomi had been dead, almost fifteen months. In fifteen months, Junior should have located the little bastard and eliminated him.. "Me, me," Celestina said. "In fact, fianc?es should come first."..He spat on his right thumb, scrubbed the thumb against one of the dried drips on the floor, rubbed thumb and forefinger together, and brought the freshened spoor to his nose. He smelled blood..The investigator's suite-a minuscule waiting room and a small office-lacked a secretary but surely harbored all manner of vermin..No one had actually been here. And he still didn't believe in ghosts, so he didn't think that a spirit had been wandering his home in his absence..With a shiver, Kathleen said, "We'd like to know more about why we did the things we did for you. Why the quarters? Why the song?"..Music played within. An up-tempo number. Possibly swing. He couldn't quite identify the tune..Shortly after Agnes turned out the light, she said, "Kiddo, it's been one whole week since you walked where the rain wasn't, and I've been doing a lot of thinking about that.".. "Frozen firing pin," Cain said. His smile was venomous. "I worked on it. I hoped you'd get here in time to see the consequences of your stupid games."..Channeling his beautiful rage, Junior hefted the corpse onto the windowsill, and shoved it headfirst into the alley. The fog received it with what sounded almost like a swallowing noise..Leaving three of the pats in the container, he carefully placed the fourth on the vinyl-tile floor..In spite of its dazzle, the detective's smile was nonetheless melancholy, proof that he was sincere when he said that Seraphim's baby was beyond their reach..Besides, even before he had fully turned on his charm, before he had shown her that a ride on the Junior Cain love machine would make other men seem forever inadequate, Renee was so hot for him that it might have been wise to open a bottle of champagne to douse her when spontaneous combustion destroyed her Chanel suit..Although a believer, Agnes was not at the moment able to spread the flowers and ferns of faith over the hard, ugly reality of death. Cowled and skeletal, Death was here, all right, scattering his seeds among all her gathered friends, one day to reap them.. "I already told you-anything in your heart is as easy to read as the open page of a book."..They didn't mind, and down they went in a controlled descent that was nevertheless too quick for Agnes..Three and a half days had passed since he'd pushed his wife off the tower, and in that time he'd had no real fun. He was gregarious by nature, never one to turn down a party invitation. He liked to laugh, to love, to live, but he couldn't enjoy life when he must remember at all times to appear bereft and to keep sorrow in his voice..Seeing her, Joey leaped up front his armchair again. He managed to hold on to his book this time, but he stumbled into the footstool and nearly lost his balance.. "Well, the blood wasn't dark and acidic, so it didn't come from his stomach. It was bright and alkaline. It could have arisen in the esophagus, but most likely it's pharyngeal in origin."..Tom Vanadium was no alarmist, and the most logical explanation came to him first. Paul had wanted to learn how to roll a quarter across his knuckles, and in spite of being dexterously challenged, he practiced hopefully from time to time. No doubt, he had sat at the table this morning--or even last evening, before bed-dropping the coin repeatedly, until he exhausted his patience..Embarrassment flushed her when she realized that the paramedic had cut away the pants of her jogging suit. She was naked from the waist down..The funeral director and his assistant were the only people, other than Junior, remaining at the grave. They asked if they might lower the casket or if he would rather that they wait until he was gone..To achieve certain narrative effects, I've fiddled slightly with the floor plan and the interior design of St. Mary's Hospital in San Francisco. In this story, the characters who work at St. Mary's are fictional and are not modeled after anyone on the staff of that excellent institution, either past or present..They were driven to St. Mary's by Detective Bellini in a police sedan. Tom Vanadium-a friend of her father's whom she had met a few times in Spruce Hills, but whom she didn't know well--literally rode shotgun, tensed to react, wary of the occupants of other vehicles on..This was better than taking slow deep breaths. Periodically, on the way to Vanadium's house, Junior spat out a string of insults, punctuated by obscenities..The Beatles began singing the number-one song, "I Feel Fine," as Junior turned off the county highway and followed the lake road northeast around the oil-black water. They had two titles in the American top five. In disgust, he switched off the radio..At the top of the candlestick, the drip pan and the socket were marked by a wine-red drizzle. The color of well-aged bloodstains..This surprised him. Of course, Oregon was not the Deep South. It was a progressive state. Nevertheless, he was surprised. Oregon wasn't home to many Negroes, either, a handful compared to those in other states, and yet until now Junior supposed that they had their own cemeteries..In the top drawer, in addition to the expected items, Tom Vanadium found a gallery brochure for an art exhibition. In the hooded flashlight beam, the name Celestina White seemed to flare off the glossy paper as though printed in reflective ink..Near midnight, she returned to her apartment. Lights out, in bed, staring at the ceiling, she was unable to sleep..When Bartholomew first said "Kay-jub," and held out one hand toward his uncle, Jacob surprised Agnes by crying with happiness..Because his lacrimal glands and tear ducts were intact, Barty could cry with his plastic eyes. Consequently, it didn't seem all that much more incredible to be seeing with them.
