Her screaming could be heard. The Herbal still hesitated. "This lady is not of our council," he said at last. When the city was in order again, and the ships had all come back, and the walls were being rebuilt, Ogion escaped from praise and went up into the hills above Gont Port. He found the queer little valley called Trimmer's Dell, the true name of which in the language of the Making was Yaved, as Ogion's true name was Aihal. He walked about there all one day, as if seeking something. In the evening he lay down on the ground and talked to it. "You should have told me, I could have said goodbye," he said. He wept once, and his tears fell on the dry dirt among the grass-stems and made little spots of mud, little sticky spots. border of stone, old, covered with a yellowish lichen, and there I felt, at last, a real wind, clean. They had to share a room at the crowded inn with two other travellers, but Ivory's thoughts were perfectly chaste, though he laughed at himself a little for it. "Aha. It's nothing," I repeated. Her breath stuck in her throat. She gasped a little for air. When she recovered herself she saw. "But," said Dragonfly and stopped, caught by the argument. After a while she said, "So a name has to be a gift?". Ivory never noticed that the girl was ailing, nor the pear trees, nor the vines. He kept himself. "Old man's got his jewel back," said the carter to the forester. "Sweet as new butter, he is." Golden, unaware of being sweet, thought only how sweet life was. He had bought the Reche grove, at a very stiff price to be sure, but at least old Lowbough of Easthill hadn't got it, and now he and Diamond could develop it as it ought to be developed. In among the chestnuts there were a lot of pines, which could be felled and sold for masts and spars and small lumber, and replanted with chestnut seedlings. It would in time be a pure stand like the Big Grove, the heart of his chestnut kingdom. In time, of course. Oak and chestnut don't shoot up overnight like alder and willow. But there was time. There was time, now. The boy was barely seventeen, and he himself just forty-five. In his prime. He had been feeling old, but that was nonsense. He was in his prime. The oldest trees, past bearing, ought to come out with the pines. Some good wood for furniture could be salvaged from them. "Tonight," Dragonfly said. "At our spring, under Iria Hill. "There was no place for him among the Masters, since a new Master Summoner had been chosen, a strong man in his prime, not likely to retire or die. Among the scholars and other teachers he had a place of honor, but he wasn't one of the Nine. He'd been passed over. Maybe it wasn't a good thing for him to stay there, always among wizards and mages, among boys learning wizardry, all of them

craving power and more power, striving to be strongest. At any rate, as the years went on he became more and more aloof, pursuing his studies in his tower cell apart from others, teaching few students, speaking little. The Summoner would send gifted students to him, but many of the boys there scarcely knew of him. In this isolation he began to practice certain arts that are not well to practice and lead to no good thing.. "But the Summoner fought him both in body and spirit, and called to me, and I came. Together we fought against the will that would destroy us." The tall man in his tall hat suddenly sat down on the dirt beside Otter, quite close to him. His line. She was perhaps thirty paces from me when something happened to her. One moment I saw..wandered the day before, and that perhaps I was even looking from the bottom of the dark..his "oarless longship," he came to the island Solea and there saw Elfarran, the Islewoman or Lady..Irian, she shrank back from him. The wizard Hemlock, who had known his great-uncle the Mage, came up from South Port to name him. And Hemlock was invited to his nameday party the year after, a big party, beer and food for all, and new clothes, a shirt or skirt or shift for every child, which was an old custom in the West of Havnor, and dancing on the village green in the warm autumn evening. Diamond had many friends, all the boys his age in town and all the girls too. The young people danced, and some of them had a bit too much beer, but nobody misbehaved very badly, and it was a merry and memorable night. The next morning Golden told his son again that he must think about being a man..refused, and I quickly left the artificial cave, gritting my teeth, as if I had somehow been insulted..East Fields," the young man said..She pitied and honoured him. "Oh, yes," Irioth said. "It was my fault." But she forgave; and the grey cat was pressed up against his thigh, dreaming. The cat's dreams came into his mind, in the low fields where he spoke with the animals, the dusky places. The cat leapt there, and then there was milk, and the deep soft thrilling. There was no fault, only the great innocence. No need for words. They would not find him here. He was not here to find. There was no need to speak any name. There was nobody but her, and the cat dreaming, and the fire flickering. He had come over the dead mountain on black roads, but here the streams ran slow among the pastures..The daughter of "the wise king Thoreg" rescued Erreth-Akbe from this trance or imprisoning spell and restored him his strength. He gave her the half of the Ring of Peace that remained to him. (From her it passed through her descendants for over five hundred years to the last heirs of Thoreg, a brother and sister exiled on a deserted island of the East Reach; and the sister gave it to Ged.) Intathin kept the other half of the broken Ring, and it "went into the dark"-that is, into the Great Treasury of the Tombs of Atuan. (There Ged found it, and rejoining the two halves and with them the lost Rune of Peace, he and Tenar brought the Ring home to Havnor..) then lit up, as if by a momentary dawn. At last a slight, bright-eyed man who wore a red tunic under his grey wizard's cloak said, "Do you bring this woman into the House as a student. Master Doorkeeper?"..on Gont, he knew that. But he was tired of teaching, and didn't want another prentice underfoot..Her guest came out of the house. It was a bright, misty morning, the marshes hidden by gleaming vapors. Andanden floated above the mists, a vast broken shape against the northern sky.
