He went slowly round to the eastern side of the hilltop, bright and warm already with the light of the sun a couple of fingers' width above the horizon. Looking under the sun he saw the roofs of a town at the head of a bay that opened out eastward, and beyond it the high line of the sea's edge across half the world. Turning west he saw fields and pastures and roads. To the north were long green hills. In a fold of land southward a grove of tall trees drew his gaze and held it. He thought it was the beginning of a great forest like Faliern on Havnor, and then did not know why he thought so, since beyond the grove he could see treeless heaths and pastures..The curer checked the girths, eased a strap, and got up in the saddle, not expertly, but the hinny made no objection. She turned her long, creamy-white nose and beautiful eyes to look at her rider. He smiled. Gift had never seen him smile..THE KINGS OF ENLAD.After a long time the young man said, "What else can I do?".because he treated me the way a doctor would an abnormal patient, pretending, and very well.. Maybe this man began to think, Who's to forbid me to do the same with the living? Why have I the power if I cannot use it? So he began to call the living to him, those at Roke whom he feared, thinking them rivals, those whose power he was jealous of. When they came to him he took their power from them for himself, leaving them silent. They couldn't say what had happened to them, what had become of their power. They didn't know..III. All I fear is getting old, when I can't lift the buckets and the molds." She showed him her round, muscular arm, making a fist and smiling. "Pretty good for fifty years old!" she said. It was silly to boast, but she was proud of her strong arms, her energy and skill.. "I don't know. Hold on! A person from Adapt was supposed to meet me at the station. I.till Diamond was sixteen. A big, well-grown youth, good at games and lessons, he was 'still ruddy-.What they had they shared. In that it was indeed Morred's Isle. Nobody on Roke starved or went unhoused, though nobody had much more than they needed. Hidden from the rest of the world not only by sea and storm but by their defenses that disguised the island and sent ships astray, they worked and talked and sang the songs, The Winter Carol and The Deed of the Young King. And they had books, the Chronicles of Enlad and the History of the Wise Heroes. From these precious books the old men and women would read aloud in a hall down by the wharf where the fisherwomen made and mended their nets. There was a hearth there, and they would light the fire. People came even from farms across the island to hear the histories read, listening in silence, intent. "Our souls are hungry," Ember said..She began to laugh..A red stripe passed across her face..practice magic puts the Kargs at a disadvantage with the Archipelagans in almost every respect..Irioth came up onto the doorstep. Later on it occurred to him that neither was his wife seeing the witch anymore. For years they'd been thick as thieves, against all his warnings, and now Tangle was never anywhere near the house. Women's friendships never lasted. He teased her about it. Finding her strewing pennyroyal and miller's-bane in the chests and clothes-presses against an infestation of moths, he said, "Seems like you'd have your friend the wise woman up to hex 'em away. waiting for me. I saw her face now, the flow of sparks in the diamond disks that hid her. He said nothing. In fact he was at a loss. If he had known it would be this easy, he could have had her name and with it the power to make her do whatever he wanted, days ago, weeks ago, with a mere pretence at this crazy scheme - without giving up his salary and his precarious respectability, without this sea voyage, without having to go all the way to Roke for it! For he saw the whole plan now was folly. There was no way he could disguise her that would fool the Doorkeeper for a moment. All his notions of humiliating the Masters as they had humiliated him were moonshine. Obsessed with tricking the girl, he had fallen into the trap he laid for her. Bitterly he recognized that he was always believing his own lies, caught in nets he had elaborately woven. Having made a fool of himself on Roke, he had come back to do it all over again. A great, desolate anger swelled up in him. There was no good, no good in anything..cup by the rim of the condensing shaft. Gelluk peered in, eager as a child. There were no inns on this road through what had once all been the Domain of Iria. As the sun neared the western plains, they stopped at a farmhouse that offered stabling for the horses, a shed for the cart, and straw in the stable loft for the carters. The loft was dark and stuffy and the straw musty. Ivory felt no lust at all, though Dragonfly lay not three feet from him.
