

## **BEHAVIOURS VOLUME III THE PRIVATE AND SOCIAL COSTS OF THE ABUSE OF ILL**

His silent tears accomplished what his words could not: Nork, Knacker, and Hisscus retreated, urging him to speak to his attorney, promising to return, once more expressing their deepest condolences, perhaps as abashed as attorneys and political appointees could get, but certainly confused and unsure how to proceed when dealing with a man so untouched by greed, so free of anger, so forgiving as the widower Cain..Startled, Junior sat up straight, clutching the silencer-fitted pistol, but the cruiser didn't abruptly brake and pull to the curb in front of the Mercedes, as he expected..Hope became easier to sustain when late 1966 and 1967 brought the biggest advance in women's fashions since the invention of the sewing needle: the miniskirt, and then the micromini. Already, Mary Quant-of all things, a British designer-had conquered England and Europe with her splendid creation; now she brought America out of the dark ages of psychopathic modesty..Stepping forward lightly, lightly, as he swung the candlestick, Junior saw the dinner guest stiffen, perhaps sensing danger or at least movement, but it was too late. The guy didn't even have time to turn his head or duck..The boy's difference was defined as much by what he didn't do as by what he did. For one thing, he didn't observe the Terrible Twos, the period of toddler rebellion that usually frayed the nerves of the most patient parents. No tantrums for the Pie Lady's son, no bossiness, no crankiness..Embarrassed, cold, abruptly frightened, she returned to the Old West, where night on the low desert was warm. The campfire flickereded welcomingly. John Wayne put an arm around her and said, "There are no dead husbands or dead babies here," and though he intended only to reassure her, she was overcome by misery until Shirley MacLaine took her aside for some heart-to-heart girl talk. Agnes woke again and was no longer chilled, but feverish. Her lips were cracked, her tongue rough and dry.. "You're the one who said your cold's just here. Maybe it stays in the kitchen, hoping it'll get a piece of pie." "You look as if you've seen a ghost," said Vinnie, and Agnes wished the threat were as simple as a restless spirit, groaning and rattling its chains, like Dickens's Marley come to Ebenezer Scrooge on Christmas Eve..Junior was accustomed to having women seduce him. His good looks were a blessing of nature. His commitment to improving his mind made him interesting. Most important, from the books of Caesar Zedd, he had learned how to be irresistibly charming.. "That's exactly how I hoped he would be." Relieved, he followed Agnes to the living room. "Listen, Aggie, you know, I don't have anything against Jacob, but-" On a street a half mile from the airport in Eugene, he sat in the parked Dodge long enough to gingerly unwind the bandages and use a tissue to wipe off the pungent but useless salve he'd purchased at a pharmacy. Although he pressed the Kleenex to his face so gently that the pressure might not have broken the surface tension on a pool of water, the agony of the touch was so great that he nearly passed out. The rearview mirror revealed clusters of hideous, large, red knobs with glistening yellow heads, and at the sight of himself, he actually did pass out for a minute or two, just long enough to dream that he was a grotesque but misunderstood creature being pursued through a stormy night by crowds of angry villagers with torches and pitchforks, but then the throbbing agony revived him..In the refrigerator, he found a stick of butter in a container with clear plastic lid. He took the container to the cutting board beside the sink, to the left of the cooktop, and opened it..Edom and Jacob flanked the gurney, each gripping one of Barty's feet through the sheet that covered them, escorting him with the same stony determination that you saw on the faces of the Secret Service agents who bracketed the President of the United States..The port-wine birthmark appeared to be darker than before and differently mottled than he remembered it..He was able to play peekaboo in his fifth month instead of his eighth, stand while holding on to something in his sixth instead of eighth..Minutes later, once more in a corridor conference with Dr. Daines, she was forced to temper her new optimism..Startled, the pianist turned to face him-and backed off a step, as though his personal space had been too deeply invaded. "Oh, well, thank you, that's kind. I love my work, you know, it's so much fun it hardly qualifies as work at all. I've been playing the piano since I was six, and I was never one of those children who whined about having to take lessons. I simply couldn't get enough." He was about to go in search of the canapes when he half heard one of the guests mention Bartholomew to the reverend's daughter. Only the name rang on his ear, not the words that surrounded it..or the barber. Never was he afraid to fall asleep, and having fallen asleep, he appeared to have only pleasant dreams..In the cab, pulling into traffic, the driver said, "The mister tells me you're the star of the show tonight." Perri was often fast asleep by nine-thirty, seldom later than ten o'clock while Paul never turned in earlier than midnight or one in the morning. In the later hours, to the reassuring surruration of his wife's breathing, he returned to his pulp adventures..But both the Church and quantum physics contend there is no such thing. Coincidence is the result of mysterious design and meaning--or it's strange order underlying the appearance of chaos. Take your pick. Or, if you choose, feel free to believe that they're one and the same..Immediately at the thought of regurgitation, his abdominal muscles contracted like those of a laboratory frog zapped by an electric current, and he choked on a rising horror..He hadn't killed this one, of course. A traffic accident. Wasn't that what Vanadium had said? Ten months ago, following tendon surgery for a leg injury, Seraphim had been an outpatient at the rehab hospital where Junior worked. She was scheduled for therapy three days a week..Only a dishonest or delusional man, however, could justify Victoria's killing as self-defense. To a degree, he'd been motivated by anger and passion, and Junior was forthright enough to admit this..Before he could replay the memory for further contemplation, Junior saw Ichabod exiting the house. The man returned to the Buick, seeming to float through the mist, like a phantom on a moor. He started the engine, quickly hung a U-turn in the street, and drove uphill to the house from which he had earlier collected Bartholomew..The moment he had seen the building in which Nolly maintained an office-an aged three-story brick structure in the North Beach district, a seedy strip club occupying the ground floor-Junior knew he'd found the breed of snoop he needed. The detective was at the top of six flights of narrow stairs-no elevator-at the

end of a dreary hallway with worn linoleum and with walls mottled by stains of an origin best left unconsidered. The air smelled of cheap disinfectant, stale cigarette smoke, stale beer, and dead hopes... Heart jumping like the heart of a fox-stalked rabbit, she ran from the driveway into the yard. She would have cried out if her throat hadn't seized up with terror at the sight of her boy at neck-breaking height. By the time she could speak, she realized that a shout, or even the unexpected sound of her plaintive voice, might unnerve him, cause him to misstep, and bring him caroming down, limb to limb, in a bone snapping plunge..Indeed, he would get through the rest of 1965 without resorting to another homicide. The nonfatal shooting in September would be regrettable, quite messy, painful-but necessary, and calculated to do as little damage as possible..He had difficulty picturing the detective pattering in the garden on weekends. Unless there were bodies buried under the roses..to prayer instead, asking for the wisdom to understand why this was happening to her and for the strength to cope with her pain and with her loss..OF THE SEVEN NEWBORNS, none was fussing, too fresh to the world to realize how much was here to fear..A tune clinked off the keys of a phantom piano in Junior's mind, "Someone to Watch over Me." The hawk-eyed watcher was the pianist at the elegant hotel lounge where Junior had enjoyed dinner on his first night in San Francisco, and twice since.."What's this?" the man asked her, as Sinatra swooped through "Come Fly with Me"..because the car was either struck again by the pickup or hit by other traffic or perhaps it collided with a parked vehicle, but whatever the cause, the breath was knocked out of her, and her screams became ragged gasps..It occurred to her that the knave had come, as foretold by the cards on that night long ago. She had expected the knave to be a man with sharp eyes and a wicked heart, but the curse was cancer and not a man at all..At the grave, they arrived with red and white roses. Agnes carried the red, and Barty brought the white..He felt so happy, he was improving every day in every way, life just got better-but then something happened that was worse than the shooting. It ruined his day, his week, the rest of his year..Holding his precious face between her hands, she kissed him. She met his gaze, and furiously she blinked away her tears, for she wanted to be clear-sighted, to be looking into his eyes, to see him, the truest part of him in there beyond his eyes, until that very last moment when she could not have him anymore..Halted by the unmistakable meaning of the expressions on these women's faces, Paul was grateful that Nellie was briefly stricken mute. He didn't believe he had the strength to receive the news that she had tried to deliver..She strove to appear calm, and she must have succeeded, because neither woman seemed to realize that she was scared almost to the point of paralysis. She moved woodenly, joints stiff, muscles tense.."Imagine me thinking you'd be gone," she said to Barty. "Your old mum is losing it. I never made a deal with Rumpelstiltskin, so there's nothing for him to collect.."Junior felt unspeakably violated. This was outrageous: the inarguably personal, very private contents of his stomach, scooped into a plastic evidence bag, without his permission, without even his knowledge..The quarter, silvery. Under the patriot's neck, the date: 1965. Coincidentally, the year that Naomi had been killed. The year that Tom had first met Cain. The year that all this had begun..He knew the sermon, of course. The example of Bartholomew. The theme of chain-reaction in human lives. The observation that a small kindness can inspire greater and ever-greater kindnesses of which we never learn, in lives distant both in time and space.."I never saw a Moor--never saw the Sea--Yet know I how the Heather looks--And what a Billow be..".On Thursday, January 4, he used his John Pinchbeck identity to purchase a new Ford van with a cashier's check. He leased a private garage space in the Pinchbeck name, near the Presidio, and stored the van there..Even Barty seemed to be attentive, but Angel happily applied crayons to a coloring book and hummed softly to herself..As he rose from his chair, Barty began to reacquaint himself with the feeling of all the ways things are, began to bend his mind around the loops and rolls and tucks of reality that he had perceived on the roller coaster that day, and by the time he had followed Angel and Tom to the bottom of the stairs and into the oak-shaded yard behind the house, the day faded into view for him..Victoria Bressler lay on the floor of the small foyer, left arm extended past her head, palm revealed, as though she were waving at the ceiling, right arm across her body in such a way that her hand cupped her left breast. One leg was extended straight, the other knee drawn up almost demurely. If she had been nude, lying against a backdrop of ruffled sheets or autumn leaves, or meadow grass, she would have had the perfect posture for a Playboy centerfold..Leavening his tortured voice as best he could with shock and hurt, as though deeply wounded by the need to speak these words, Junior Cain said, "You ... you think I killed her, don't you? That's crazy." Junior Cain felt as if his heart had been lanced by a needle so thin that the muscle still contracted rhythmically but painfully around it. She did? She. . . she wrote that?" Darker than water, another stain spread across the lap and down the legs of the pants. It was the color of port wine when filtered through the gray fabric of the jogging suit, but even in her semi-delirious state, she knew that she was not the vessel for a miracle birth, was not bringing forth a baby in a flush of wine, but in a gush of blood.."No. Lampion. Somewhere in your father's French background, there must have been lamp makers. A lampion is a small lamp, an oil lamp with a tinted-glass chimney. Among other things, in those long ago days, they used them on carriages." Edom, who had never made it big, medium, or little, watched his sister blur before him. He strove to contain the shimmering hotness in his eyes. His love was not for magic, and his pride was not in any skill he possessed, for he possessed none worth noting. His love was for his good sister; she was his pride, too, and he felt that his small life had precious meaning as long as he was able to drive her on days like this, carry her pies, and occasionally make her smile..Beseechingly, with no intention of intimacy, he took Celestina's hands in his. "For years, as an obstetrician, I brought life into the world, but I didn't know what life was, didn't grasp the meaning of it, that it even had meaning. Before Rowena, Harry, and Danny went down in that airplane, I was already ... empty. After losing them, I was worse than empty. Celestina, I was dead inside. Phimie gave me hope. I can't repay her, but I can do something for her daughter and for you, if you'll let me." With some sharp instrument, probably a knife, Cain had stabbed and gouged the red letters, working on the wall with such fury that two of the Bartholomews were barely

readable anymore. The Sheetrock was marked by hundreds of scores and punctures..Junior intended to add one stocky ghost to the party. Perhaps on a summer night in years to come, at the edge of the light fall from his Coleman lantern, a fisherman would see a semitransparent Vanadium providing entertainment with an ethereal quarter..Of all the things I might be meant to do with my life," he told Agnes, "I believe nothing will matter more than the small part I've had in bringing together these two children."..Another thought: The young gallery employee would remember that Junior had asked after Neddy and had followed him toward the men's room. He would provide a description, and because he was an art connoisseur, therefore visually oriented, he'd most likely provide a good description, and what the police artist drew wouldn't be some cubist vision in the Picasso mode or a blurry impressionistic sketch, but a portrait filled with vivid and realistic detail, like a Norman Rockwell painting, ensuring apprehension..At those cutting-edge galleries where he attended receptions, no one got in without a printed invitation. And even with the authentic paper in hand, you might still be refused entry if you failed to pass the cool test. The criteria of cool were the same as at the current hottest dance clubs, and in fact the bouncers controlling the gate at the finest avant-garde galleries were those who worked the clubs..To celebrate, upon leaving the gallery, he went to the coffee shop in the Fairmont Hotel, atop Nob Hill, determined to have a beer and a cheeseburger..Perhaps these two months of frustration had brought him to this: hair-trigger nerves, fevered imagination, and anticipation distilled into dread..From the public hallway on the ground level, stairs led to the upper three floors. He would be able to hear anyone descending long before they arrived.. "I really am sorry about this," Junior said, regretting the necessity to deny her the right to look good at her own funeral, "but it's got to appear to be a crime of passion.".. "I doubted myself more than God, though Him, too. I had those boys' blood on my hands. They were mine to protect, and I failed."..Her hands shook, her entire body shook, and in her mind was a hard clatter of fear like the wheels of a roller coaster rattling over poorly seamed tracks..Paul Damascus remained busy, filling prescriptions, until he was finally able to take a lunch break at two-thirty..In spite of the bravado of the responses in Junior's unspoken half of the conversation, he was increasingly unnerved by Vanadium. The cop was a lunatic, all right, but he was something more than a mere nut case..From out of the fog and darkness came the slap of running feet on bricks. He was sprinting toward the back of the house..Arriving home, he hesitated to open the door. He expected to find Vanadium inside..He was able to search five pages at a sitting before his head began to ache. He'd been putting in two sessions each day, starting this past Tuesday. Four thousand names a day. Sixteen thousand total when he finished the fifth of this evening's pages..Flanked by Dumpsters and trash cans, through steam rising out of grates in the pavement, past parked delivery trucks, here came the dead cop. Running..Junior blinked and dared not speak, because he didn't know any Bartholomew, and now he was certain the cop was weaving an elaborate web of deceit, setting a trap. Why would he have spoken a name that meant nothing to him?..In the morning, at breakfast, from this calmer perspective, he looked back at his tantrum in the middle of the night and wondered if he might be in psychological trouble. He decided not. In November and December, Junior studied arcane texts on the supernatural, went through new women at a pace prodigious even for him, found three Bartholomews, and finished ten needlepoint pillows..Opening his eyes, still not daring to meet Victoria's gaze, Junior knew she had registered and properly interpreted his response to her seductive spooning. She had frozen, the utensil in midair, and her breath had caught in her throat. She was thrilled.. "Oh!" She blotted her eyes on the heels of her hands. "Wait! Give me a second chance. I can do it better, I'm sure I can."..His homely face was long and narrow, as though pulled into that shape by the weight of his responsibilities. In other circumstances, however, his generous mouth might have shaped an appealing smile; and his green eyes had in them the compassion of someone who himself had known great loss..After mentally reviewing what he must say, after working up a nervous edge, he dialed the SFPD emergency number..The cop had picked up the .22 pistol, using a pencil through the trigger guard, to prevent the destruction of fingerprints..replace her. I'd never be able to spend a penny of it. Not a penny. I'd have to give it away. What would be the point?"..Barty grinned mischievously. "One of the places we visited today. Some big kids. They saw this scary movie, said they had to wash their shorts after.".. "Crafty men" is what they called wizards in those days..SHORTLY BEFORE one o'clock, the Hackachaks descended in a fury, eyes full of bloody intent, teeth bared, voices shrill..They wore out a lot of cards and kept a generous supply of all types of decks on hand..After a few racing steps, when the dog realized that Mary hadn't thrown the ball, it whipped around and sprinted back.. "Dr. Lipscomb delivered the baby like two minutes ago. The afterbirth hasn't even been removed yet," the nurse informed her..With a nimbleness and an alacrity that a lemur would have admired, the girl ascended to the first crotch..Done with dolls for now, Barty and Angel went upstairs to his room, where the book that talked waited patiently in silence. With her colored pencils and a large pad of drawing paper, she clambered onto the cushioned window seat. Barty sat up in bed and switched on the tape player that stood on the nightstand.. "I know you, kid. You can handle anything from here on, whether it's a sold-out show or it's not, whether you're going to be famous or just another nobody."..From the phone, Barty proceeded directly to the refrigerator. He opened the door, got a can of orange soda, and returned without hesitation to his chair at the table..Glancing at his wristwatch with alarm, Edom bolted up from his chair. "Look at the time! Agnes gave me a lot to do, and here I am rattling on about earthquakes and cyclones."..Junior spoke the three words aloud and felt a strange resonance between them and his dim memories of Reverend White's voice on that long-ago night. Yet the link, if any actually existed, remained elusive..Leaning forward from his armchair, white hair as radiant as the wings of cherubim, Obadiah waved one misshapen hand over the deck, never closer than ten inches to the cards. "Now please spread them out in a fan on the table, facedown."..The custom-fitted gold-link band of the wristwatch closed with a clasp that, when released, allowed the watch to slip over the hand with ease. Junior knew at once that the clasp had come undone when his arm tangled in the belt of Neddy's raincoat. The corpse had torn loose and tumbled into the

Dumpster, taking Junior's watch with it..Part of him knew this sound was his heartbeat, not the footfalls of an otherworldly pursuer, but that part of him wasn't dominant at the moment. He moved faster, not exactly running, but hurrying like a man late for an appointment..Descending the stairs, Edom said, "September 18, 1906, a typhoon slammed into Hong Kong. More than ten thousand died. The wind was blowing with such incredible velocity; hundreds of people were killed by sharp pieces of debris-splintered wood, spear-point fence staves, nails, glass-driven into them with the power of bullets. One man was struck by a windblown fragment of a Han Dynasty funerary jar, which cleaved his face, cracked through his skull, and embedded itself in his brain."..As kids-living in a house that was run like a prison, stifled by the oppressive rule of a morose father who believed that any form of entertainment was an offense against God-they conducted secret card games as their primary act of rebellion. A deck of cards was small enough to hide quickly and to keep hidden successfully even during one of their father's painstakingly thorough room searches..He stood watching until the car cruised out of sight, and even after it dwindled to a speck and vanished in the distance, he stared at the point in the street where it had last been, stared while a breeze turned playful, tossing eucalyptus leaves around his feet, stared until at last he turned and began the long walk home.."Maybe he's a character I saw in a movie or read in a novel. I'm a member of the Book-of-the-Month Club. I'm always reading one thing or another. I don't remember a character named B-Bartholomew, but maybe I read the book years ago.".."Thank you, Dr. Lipscomb. I'll keep track of what you're losing every month, and someday I'll pay it back to you."..Some acts were distasteful, too, such as searching the lunatic lawman for his car keys and his badge..In time, his hand tightened feebly on hers. And a while after that hopeful sign, his eyelids fluttered, opened..Junior discovered more tears than could have been found in ten thousand onions. His wife and his unborn baby. He had been willing to sacrifice his beloved Naomi, but maybe he would have found the cost too high if he had known that he was also sacrificing his first-conceived child. This was too much. He was bereft.."No member of the society ever violates a secret confidence," Agnes assured him.."It's that bad and worse," Grace said firmly. "Even if they catch him, you're going to live with the quiet fear that he might escape one day. As long as you know he can find you, then you're never going to be completely at peace. And if you love this city so much that you'll put Angel in jeopardy ... then who have you been listening to all these years, girl? Because it hasn't been me."..He wanted an explanation, but no one could give him the one that he needed, because nobody but he himself knew the significance and symbolism of the quarter..Koko skidded to a halt, perplexed, looked left, looked right, floppy ears lifted slightly to catch any sound of Mistress Mary.."it totally destroyed four towns, as if they were hit by atom bombs, tore up parts of six more towns, destroyed fifteen thousand homes. That's just the homes. This thing was black, huge and black and hideous, with continuous lightning snapping through it, and a roar, they said, like a hundred thunderstorms booming all at once."..In the kitchen again, Junior spread the blanket on the floor, to one side of the blood. He rolled Vanadium onto the blanket, and drew the ends of it together, fashioning a sled with which to drag the detective out of the house..This night in Weott, with the high solemn silence of the redwood forests out there now and waiting to embrace him in the morning, he slept without dreams..The stumpy ghost departed the sliding stairs at the second floor and walked off into women's sportswear..Filled with the songs of swallows that evidently preferred these precincts to the more famous address of San Juan Capistrano, this mild March morning was perfect for pie deliveries. Agnes and Grace had produced a bakery's worth of glorious vanilla-almond pies and coffee toffee pies..Thanks to his intelligence and his personality, Barty's presence was so great for his age that Agnes tended to think of him as being physically larger and stronger than he actually was. As the scent of grass grew more complex and even more appealing, she saw her son more clearly than she'd seen him in a while: quite small, fatherless yet brave, burdened with a gift that was a blessing but that also made a normal boyhood impossible, forced to grow up at a up faster pace than any child should be required to endure. Barty was achingly delicate, so vulnerable that when Agnes looked at him, she felt a little of the awful sense of helplessness that burdened Edom and Jacob..A nuclear-powered sound system blasted out the Doors, Jefferson Airplane, the Mamas and the Papas, Strawberry Alarm Clock, Country Joe and the Fish, the Lovin' Spoonful, Donovan (unfortunately), the Rolling Stones (annoyingly), and the Beatles (infuriatingly). Megatons of music crashed off the brick walls, made the many-paned metal framed windows reverberate like the drumheads in a hard-marching military band, and created simultaneously an exhilarating sense of possibility and a sense of doom, the feeling that Armageddon was coming soon but that it was going to be fun..When Agnes had asked him to deliver the pies, before she had set out with Joey for the hospital the previous day, Edom had wanted to beg off, but he had agreed without hesitation. He was prepared to suffer every viciousness that nature could throw at him in this life, but he could not endure seeing disappointment in his sister's eyes.."I don't just think so. And I don't just know it. I feel it, exactly like you feel all the ways things are. I'll bet you feel it, too."..At the end of the famous sermon, Celestina's father had wished to all well-meaning people that into their lives should fall a rain of benign effects from the kind and selfless actions of countless Bartholomews whom they would never meet. And he assures those who are selfish or envious or lacking in compassion, or who in fact commit acts of great evil, that their deeds will return to them, magnified beyond imagining, for they are at war with the purpose of life. If the spirit of Bartholomew cannot enter their hearts and change them, then it will find them and mete out the terrible judgment they deserve..Ghosts. Sklent was an atheist, and yet he believed in spirits. Here's how that works: Heaven, Hell, and God do not exist, but human beings are as much energy as flesh, and when the flesh gives out, the energy goes on. "We're the most stubborn, selfish, greedy, grubbing, vicious, psychotic, evil species in the universe," Sklent explained, "and some of us just refuse to die, we're too hardass to die. The spirit is a prickly bur of energy that sometimes clings to places and people that were once important to us, so then you get haunted houses, poor bastards still tormented by their dead wives, and crap like that. And sometimes, the bur attaches itself to the embryo in some slut who's just been

knocked up, so you get reincarnation. You don't need a god for all this. It's just the way things are. Life and the afterlife are the same place, right here, right now, and we're all just a bunch of filthy, scabby monkeys tumbling through an endless damn series of barrels." "Good heavens, Vinnie, I know that," she assured him as she lifted Barty—hardly bigger than a bag of sugar—from the bassinet. She settled with the baby into a rocking chair. Yet Agnes feared him, for reasons similar to those that might cause a superstitious primitive to tremble in the presence of a witch doctor. Although he was a healer, his dark knowledge of the mysteries of cancer seemed to give him godlike power; his judgment carried the force of fate, and his was the voice of destiny. The heavy hand would come down on his shoulder, he would be spun around against his will, and there before him would be those nailhead eyes, the port-wine stain, facial bones crushed by a bludgeon. . . . He shouldered past two counter waitresses, past the short-order cook who was working eggs and burgers and bacon on the open griddle and grill. Whatever expression wrenched Junior's face, it must have been intimidating, for without protest but with walled alarm, the employees squeezed aside to let him pass. "In the early hours of January seventh," Nolly continued, "Miss White died in childbirth, as you figured." The dear man cried and kissed her scars and told her that she was as beautiful as any woman alive. They stood then for a while, embracing, his hands upon her back, her breasts against his chest, and twice they kissed, but almost chastely, before she put on her blouse again.
